Yosemite

in a day or more

YOSEMITE IN SPRING • DANIEL CHUI • VYMC

DAY 1 (Yosemite Valley)

STOP 1 **Glacier Point (Open Seasonally)**
A great place to start your visit to the park is Glacier Point. From its vantage point high above Yosemite Valley (3000 feet!) you get a bird's-eye view of the valley below, some of the park's majestic waterfalls, and the massive granite peaks of Yosemite's high country.

STOP 2 **Tunnel View**
As many will attest, this stunning view made famous by Ansel Adams decades ago, is a "must see" stop on your visit. At this popular viewing area many of Yosemite's distinctive landmarks can be seen: El Capitan, Clouds Rest, Half Dome, Sentinel Dome, Bridalveil Fall (and many more). After taking in this view, continue your journey down towards Yosemite Valley.

STOP 3 **Bridalveil Fall and Swinging Bridge**
Known as Pohono ("Spirit of the Puffing Wind") by the native Ahwahneechee people, Bridalveil Fall is the first grand waterfall that visitors will see when they visit Yosemite Valley. While Bridalveil typically flows year-round, in the spring and early summer the flow peaks and the mist near its base is truly an experience! The park completed a major rehabilitation in 2023 which included new facilities, improved trails, and many new viewing areas for visitors to experience the beauty of Bridalveil.

STOP 4 **Yosemite Chapel**
There are many historic buildings in the park, but the Yosemite Chapel is the oldest building still in use in Yosemite Valley. Dating back to 1879, the chapel offers both a history lesson and a spectacular view of Yosemite Falls. It's also a fantastic location to capture photos, especially during the Fall season.

STOP 5 **Yosemite Village, Valley Loop Trail & Yosemite Falls**
Follow the signs for the Visitor Parking area. There is much to see in the Yosemite Village including the new Yosemite Valley Welcome Center, the Yosemite Exploration Center, the Yosemite Museum, Ansel Adams Gallery, and the Indian Village, just to name a few. Looking for a bite to eat? Step into Degnan's Deli for a tasty sandwich. We suggest taking it to-go and enjoying a short walk to Lower Yosemite Fall. There, you can enjoy your meal while gazing at the magnificent 2,425 foot waterfall. From the lower fall, head out on the Valley Loop Trail and stroll your way through the valley enjoying views of Half Dome, El Capitan, and the Merced River from many different angles. Along the way enjoy scenes of lush meadows, wildflowers, and a possible wildlife sighting.

STOP 6 **Valley View**
Stopping at this picturesque location at the end of your day of exploring the valley provides a nice balance to your start at Tunnel View. Here, the Merced River flows on by and the late-day light paints the walls of the western end of the valley. The warm light highlights the towering granite walls and brings out unique color and details. You get a true appreciation for why this much photographed spot is also known as the "Gates of the Valley."

DAY 2 (Highway 41)

STOP 1 Mariposa Grove

Stand among some of the world's oldest and largest trees in the Mariposa Grove. This is the largest of the three groves in Yosemite and home to several hundred mature Giant Sequoias with miles of great trails to explore.

STOP 2 Wawona

Located about 10 minutes inside the south gate to Yosemite, step back in time in historic Wawona. Explore picturesque sites such as the Yosemite History Center, the Wawona Hotel (closed for major renovations), the Chinese Laundry Building, and the Wawona Covered Bridge.

STOP 3 Chilnualna Falls

Take a less-traveled hike to enjoy some of the lower cascades of Chilnualna Falls or plan for a full day of hiking and complete the entire trail to the top of the falls. (8.4 miles /13.5 kilometers).

MARIPOSA GROVE • VYMC

YosemiteThisYear.com | info@yosemitethisyear.com

DAY 3 (Highway 120 East)

STOP 1 Tuolumne Grove

Park at the grove trailhead and take a short 1¼ mile hike along Old Big Oak Flat Road through a shaded forest. Here you can find around two dozen mature Giant Sequoias. Plan for 1½ to 2 hours of hiking.

STOP 2 Olmsted Point

Enjoy amazing views that showcase how glaciers shaped this part of Yosemite as you look down Tenaya Canyon toward Yosemite Valley. Clouds Rest and a unique view of Half Dome are key features toward the south with Tenaya Lake visible to the northeast.

STOP 3 Tenaya Lake

Situated at an elevation of 8,150 feet, the views around this alpine lake are spectacular and it's a popular location to enjoy a picnic, do some kayaking, take a swim or hike the 2½ mile loop trail around it. You can also choose just to lay back, soak up the sunshine, and enjoy the fresh air.

STOP 4 Tuolumne Meadows

6½ miles east from Tenaya Lake is one of the largest high-elevation meadows in the Sierra. Stop by the Visitor Center, take a short hike to the Parsons Memorial Lodge or simply enjoy the changing light on the meadow, the Tuolumne River, and the many unique geologic features of the area like Lembert Dome, Unicorn Peak, and Cathedral Peak.

A WORD TO THE WISE -

always check park status and updates BEFORE you visit Yosemite!

Other Favorite Stops to Consider

• Hetch Hetchy

Hetch Hetchy is a bit off the beaten path, but it is truly worth the journey to experience what John Muir considered "... a grand landscape garden, one of nature's rarest and most precious mountain temples." The now water-filled valley boasts truly beautiful scenery and one of the park's longest hiking seasons.

• The Cascades Picnic Area

During the spring, torrents of water from melting snow thunder over granite walls to form Cascade Falls. The picnic area right off of El Portal Road is a great place to enjoy a meal all while enjoying the sights and sounds of rushing water from both The Cascades and the Merced River.

Southern Yosemite Hiking Trails

While the trails in Yosemite Valley are some of the most popular in the park, we encourage you to explore other areas of Yosemite that are less familiar but just as impressive. Travelers are expanding their interests and discovering the beauty of southern Yosemite and Wawona. Find new paths and become a more sustainable traveler along the way.

The Swinging Bridge (Wawona)

RATING: EASY

More of a walk than a serious hike, this 1 mile out-and-back trail provides access to the namesake bridge that crosses the South Fork of the Merced River. Unlike the Swinging Bridge in Yosemite Valley, this bridge actually swings (the Yosemite Valley Swinging Bridge originally did swing until it was replaced due to flood damage in 1965). Water levels rush in springtime, but drop down significantly months later making for the perfect swimming hole in late summer. At the Wawona store, turn right on Forest Drive, then stay left when the road forks. Pit toilets are available near the dirt parking area.

Chilnualna Falls Trail

RATING: MODERATE TO CHALLENGING

This 8 mile round trip trail begins at the end of Chilnualna Falls Road. There are restrooms and bear boxes at the trailhead. On route to the top of the waterfall, you will climb over 2,000 ft of elevation. Access this trail in the late spring or early summer for the most impressive displays of water. Chilnualna Falls is ephemeral, meaning it does not flow all year round. By July, the conditions in the region are mostly dry. However, the jaw-dropping view from the top is still impressive.

Alder Creek Falls

RATING: MODERATE

From the Wawona Campground, drive 4.2 miles to the parking area near the sign for Mosquito Creek, located at a distinctive hairpin turn in the road. The trail begins on the east side of the road, across from the bear boxes. Use caution if crossing the road. Climb uphill and east. It is an 8 mile, out-and-back journey to reach an impressive view of this hidden waterfall. The trail features many wildflowers, including colorful Harlequin Lupin in late spring.

Wawona Meadow Loop Trail

RATING: EASY

This 3.5 mile loop trail traverses one of the largest meadows in Yosemite National Park. Although a nine-hole golf course occupies the northern part of the meadow, the stunning natural beauty shines bright. Green grass and wildflowers fill the senses in the spring and hikers delight in fall colors in late October and November. The trail is horse-friendly, dog-friendly and bike-friendly, too!

Mariposa Grove of Giant Sequoias

RATING: VARIOUS

There are numerous day hikes found in the Mariposa Grove region of Yosemite National Park and they cover the full range of short and easy to long and strenuous. Explore the Grizzly Giant Loop, Big Trees Loop, Guardians Loop, or even an excursion to the grove's highest spot, Wawona Point. Ask for a map of trails to explore in Wawona and the Mariposa Grove at the Oakhurst Visitor Center. Note that the free shuttle from the parking area to the Grove Access Area does not operate during winter months. Depending on conditions, exploring the grove by hiking, cross-country skiing, or snowshoeing is an option. Know before you go and make sure to check current conditions.

With over 800 miles of trails in Yosemite and many more in the surrounding area, you have more than enough to fill a lifetime of adventure!

Sierra Foothills Hiking Trails

Find hidden gems in Madera County's gateway to Yosemite. The land captivates the imagination with stories of adventure, history, and natural beauty.

Lewis Creek National Recreation Trail to Corlieu Falls and Red Rock Falls

RATING: MODERATE

Yosemite National Park is not the only place around to find some amazing waterfalls in the area. The Lewis Creek NRT is a special place and it deserves protection and care. This 7.4 mile out-and-back trail is heavily trafficked in the summertime and during holidays. To hike the entire length of the trail, park at the trailhead located on Cedar Valley Road and hike north toward Sugar Pine, following the route of the historic Madera Sugar Pine Lumber Co. flume.

Ahwahnee Hills Regional Park

RATING: EASY

This stunning property has a lot of history. It was once home to the Ahwahnee Tavern, a stagecoach luncheon stop for President Theodore Roosevelt, Susan B. Anthony, John D. Rockefeller, and the Crown Prince of Belgium. Today, there are 7 miles of walking trails, 6 miles of horse trails, a seasonal creek, a springtime pond, and a picturesque barn on the property. The park is open Wednesday - Sunday 8am - 7:30pm. Nearby, take a self-guided tour of a California Registered Historical Landmark, the Wassama Round House State Park.

Hensley Lake – Buck Ridge Trail

RATING: EASY-MODERATE

Hikers, mountain bikers, runners, and horses are welcome on this 6.8 mile loop trail. The best time to visit is during the winter and spring, when raindrops and wildflowers grace the landscape for a few short months. Bring \$5 for parking. Picnic tables, restrooms, and campsites are available at Hensley Lake. Visit after winter storms to watch the surprising contrast of rolling grassy hills against the distant, snow-capped Sierra Nevada.

DOGS ARE ALLOWED

on any trail in the Sierra National Forest. Bring them along for the fun, but remember, to keep them protected, they must stay on a leash, and you must clean up after them.

OAKHURST RIVER PARKWAY • KIM LAWSON • VYMC

Oakhurst River Parkway

RATING: EASY

The Oakhurst River Parkway is an easy, 3 mile out-and-back trail that begins at the Oakhurst Community Park and winds along the Fresno River. It passes Fresno Flats Historic Village and Park before it makes its way to Yosemite High School. You return back the way you came.

Oakhurst Community Park

RATING: A WALK IN THE PARK

While this one's not a real hiking trail, you can walk around the dog-friendly park with views of the Fresno River on all sides of this island-like space. It's also a great place to let the little ones run and play, put on performances in the center gazebo, and get their wiggles out in the playground area. There are events and family activities scheduled here throughout the year.

North Fork – Manzanita Lake

RATING: EASY

Just 0.7 miles up Road 222 from downtown North Fork, you can explore this easy 2.1 mile out-and-back hike to Manzanita Lake. The largely paved trail is great for hiking and mountain biking and fishing at the lake is a favorite activity for many. Dogs are welcome, but must be on a leash. While in the area, make a pilgrimage to the "Exact Center of California."

Bass Lake

Bass Lake sits in a nearly perfect location. It is just 17 miles from the southern gate of Yosemite National Park and seven miles from the park's largest gateway community of Oakhurst. Its pristine waters and sandy shores are nestled among the tall cedars and pines at an elevation of 3,415 feet. It all comes together to create the perfect spring break, summer getaway, fall romantic adventure or winter escape.

A year-round vacation destination, Bass Lake was named one of the "West's Best Lakes" by Sunset Magazine and has been a popular tourist destination since the 1930s. The lake is renowned for excellent water activities, mountain bike trails, hiking, fishing, shopping and lakeside dining.

You can find all types of lodging here including 3 resorts, an RV Park, lots of camping areas, and a wide variety of vacation home rentals.

With summer water temps reaching 80 degrees, Bass Lake is the perfect place to splash around during the warmer months. Relax on a sandy beach with a book, have a family picnic at one of the many day-use areas, or enjoy an array of water sports from swimming, paddleboarding and kayaking to motor-boating.

Bring your toys and launch your own boat from one of two public boat launches, or rent a fully-equipped boat from any of the three full-service marinas. Want to learn a new skill? Ask about water-skiing or wakeboarding lessons. You can even start your day with a little more balance by joining a morning paddleboard yoga session at Miller's Landing Resort.

On-water activities are not the only thing Bass Lake is

known for. With the Sierra National Forest's 1.3 million acres as a backyard, the lake is a great jumping off point for all sorts of adventures, both big and small. Hike or mountain bike on the many trails, or take an off-road adventure into the heart of the Sierra (check out the Sierra Vista Scenic Byway on page 24).

There is a lot to love about Bass Lake and, to be honest, there's too much to capture it all here. To help with that, download our handy digital Microguide that outlines the 31 Things We Love About Bass Lake (see page 15).

Keep Bass Lake Clean

Preserving Bass Lake's Beauty

Clear alpine waters. Miles of beach and tree lined shoreline. Endless trails and creeks to explore. Yes – we have a lot to enjoy and be thankful for here at Bass Lake.

But with thousands of people coming every year to recreate, we are bringing more to the lake and leaving more too. Keeping this place clean and any other of the neighboring wilderness

areas too, requires all of us to be mindful of our impact, use the spaces responsibly, and clean up after ourselves when done.

A CLEAN BASS LAKE BEGINS WITH ME

#KeepBassLakeClean

Bass Lake Chamber of Commerce Beautification Project

PACK IT IN, PACK IT OUT

Pack it in, pack it out. There are trash bins at the day-use areas, but they only hold so much and are frequently overloaded at the end of a big weekend. An overloaded trash bin is an invitation to all manner of wildlife: bears, raccoons, ravens, etc., to see what they can scavenge. Add to this, the miles of shoreline that don't have these accommodations. Always be prepared to pack out everything you bring in (while you're at it – please pick up any other trash you may see).

Bass Lake Hiking Trails

More hiking area info
can be found here

Fans of Bass Lake return year after year to hit the beaches and have fun, but water sports are not the only activity for the adventurous. Discover three incredible hiking trails starting at the water's edge and climbing into the Sierra National Forest. Come prepared with the proper footwear, enough water and a safety-first mindset, then enjoy the views from the top!

Way of the Mono Trail

RATING: EASY

Stretch your legs on a path that people and animals have traveled for hundreds of years. This 1-mile loop trail has 150 feet of elevation gain and offers sweeping views of Bass Lake at the halfway point. Interpretive signage and grinding holes teach about the history of the land and of the native people who lived here. On the map located on page 12, find the trailhead parking area across the road from the Little Denver Church Day-Use Picnic Area. (Reminder: It is a good idea to bring \$10 for parking in any of the day-use areas).

WAY OF THE MONO TRAIL • VYMC

Goat Mountain Lookout

RATING: STRENUOUS

Named for the creatures that grazed here in the pioneer days. Returning from the fire lookout at the top of Goat Mountain, you might feel like a billy goat, too. Although the trail is rated moderate on some channels, be prepared for 9.8 miles, out-and-back, with more than 1,600 feet of elevation gain. If you are looking for a challenge on two feet, you've found it.

The Goat Mountain Trail is great for mountain biking, too!

BASS LAKE GOAT MOUNTAIN HIKING TRAIL • VYMC

Willow Creek Trail to Angel Falls and Devils Slide

RATING: MODERATE TO STRENUOUS

On the north shore of Bass Lake, explore this moderate-to-strenuous 3.1 mile out-and-back hike carefully (starting from The Falls Beach trailhead adds another 0.2 mile). When visiting a waterfall or fast-moving waters like Willow Creek, use EXTREME caution. The rocks are slippery (even when dry) and the water temperatures can be deadly cold, especially during spring and early summer months. Give these waters respect. If it looks slick, it probably is. So don't go there! Be aware that along the way, you may encounter poison oak, mosquitos and gnats (the latter especially in the fall).

FIRE You will see its impact and the landscape's renewal in many places along the Byway.

Sierra Vista Scenic Byway

A Day Road Trip Exploring a Madera County Hidden Gem

Nestled in the heart of California is a road trip adventure with nearly 100 miles of winding road through the Sierra National Forest complete with wooded forests, wildflower filled meadows, breathtaking panoramic vistas and unique rock formations. The Byway runs through a large portion of the 2020 Creek Fire area where 380,000 acres of the forest were transformed by one of California's largest wildfires. You can see firsthand both the impacts of this elemental force and the early stages of the area's recovery. In many places the landscape has changed, the scenes altered, but Nature's raw beauty and resilience is on full display.

JESSE ROSS CABIN TOUR • STEVE MONTALTO • VYMC

There are many sights to see along the Byway - here just a few that we recommend you take in:

Nelder Grove

Yosemite National Park isn't the only home for Giant Sequoias in the area. Tucked away just a bit south of the park is Nelder Grove, a 1,540-acre home in the Sierra National Forest to roughly seventy of these wonderful monarchs. With hiking trails, historic cabins and an interpretive center, Nelder is both a natural wonder and a unique window into the pioneer history of the area.

Note - The US Forest Service is continuing work on a multi-year fuel reduction project in Nelder Grove. While work is in progress, the grove is closed to public access. Please call the USF Bass Lake Ranger District Office at (559) 877-2218 to check on current conditions before planning to visit the grove.

Mile High Curve / Mile High Vista

Enjoy the expansive view looking above the 123,000-acre Mammoth Pool Reservoir and over the many geologic formations and rugged mountain peaks of this dynamic landscape.

Beasore, Cold Springs and Jackass Meadow

Come in late spring or early summer to see these meadows bursting with the vibrant colors of mountain wildflowers!

Jones Store

This family-run business has a history going back many generations. Stop in for a burger and a slice of freshly baked pie with a heaping serving of ice cream on top. Be sure to bring cash (credit cards are not accepted) and arrive early as they serve what they have until it runs out... and run out they do.

Fresno Dome

Take the short hike to the top of Fresno Dome to enjoy beautiful panoramic views of the Sierra National Forest. It was from atop this granite dome that John Muir was able to find the Giant Sequoias of what is now known as Nelder Grove.

GLOBE ROCK • STEVE MONTALTO • VYMC

Globe Rock

This very large (over 15 tons), nearly spherical rock perched on a granite pedestal makes for a unique photo opportunity. Former President Theodore Roosevelt was reportedly photographed here during his visit to Yosemite in 1903. This formation was not placed here by glaciers (or giants) but was formed instead by erosion right where it sits.

Every day is a play day at Go Play Party Zone!

Search for Carved Bears

Oakhurst is known as the "The Carved Bear Capital of the World". Explore around town to find carved bears of all sizes; from cute and small enough you'd be inclined to take them home, to some large enough for you to curl up in their laps!

Moonlight Moments

Experience the Sierra Nevada in an entirely new light - moonlight! These two unforgettable activities let you savor the beauty of nature after the sun sets.

At the Moonlight Special at Yosemite Mountain Sugar Pine Railroad, enjoy a BBQ dinner under the stars, live music, and a nostalgic steam train ride. With a stop at Lewis Creek Canyon for entertainment and the glow of the firebox lighting your way back, it's an evening full of charm and history.

Discover Yosemite's Full Moon/Sunset Tour offers a serene hike to Sentinel Dome, where you'll witness the sunset melt into the rise of the full moon.

Watch Yosemite's granite cliffs and Half Dome glow under the silvery light while enjoying a picnic dinner. This magical experience creates memories that will last you a lifetime.

Pet Friendly ROAD TRIP

Yosemite's Southern Gateway offers plenty of opportunities to bring your canine family members along, whether you're sightseeing in Yosemite or trekking the trails of the Sierra National Forest.

YOSEMITE

Many ask "Is Yosemite dog friendly?"

The answer is yes, but with some important rules. In general, dogs are allowed in developed, fully paved areas. They are allowed in most of the campsites except for walk-in ones, like Camp 4. They are not typically allowed on unpaved trails, in Yosemite's lodging or dining facilities, or on any of the shuttle buses. Dogs must always be attended and on leashes or restrained in something like a kennel. Here's some recommendations of places to experience with your pup in the park:

- **Tunnel View** - one of the most famous views in the park. It's an excellent place for a canine-inspired selfie or a family portrait.
- **Waterfalls** - the Lower Yosemite Falls trail will bring you to the viewing area at the base of the valley's largest waterfall landmark. Bridalveil Fall is another short, easy, and dog friendly walk. Enjoy the beautiful trail and viewing platforms of this 620 foot waterfall.
- **Glacier Point** - a highly recommended destination for both people and their pets with stunning views of the park high above Yosemite Valley.
- **Mirror Lake Trail** - a short, paved trail on the east end of Yosemite Valley that offers great close-up views of Half Dome, Washington Column and Mount Watkins. (Note - an unpaved trail continues but dogs and bikes cannot.)
- **Cook's Meadow Loop Trail** - right in the heart of Yosemite Valley a walk along the Cook's Meadow Loop trail delivers amazing views of Yosemite Falls, Half Dome, Glacier Point and Sentinel Rock.
- **The Wawona Meadow Loop Trail** - this 3.5-mile path loops around scenic and historic Wawona Meadow.

PET FRIENDLY DOG BOATING • BREEZE TURNER WILLSON

BASS LAKE

If you are looking for a pet-friendly place to explore and play, Bass Lake is the area for you. Rent a boat and take Fido for a tour of the lake, practice your two and four-legged balance on a paddleboard or hit the many trails around the lake for a hike both short and long options available (see page 19). After a day of adventures around Bass Lake, fuel up with your pup at The Forks or Miller's Landing with a treat from their Pet Menus. Enjoy year-round patio dining with your furry friend at Casa Velasco and seasonal lakeside dining at Marina Bar & Grill.

Looking for more ideas?

Hop a train. The **Yosemite Mountain Sugar Pine Railroad** welcomes four and two-legged riders on its 4-mile steam-powered journey into the region's past. Good news, dogs ride for free!

Grab a drink. What better way to end a day of fun and adventure than with a glass of wine at one of our favorite watering holes. **Yosemite Wine Tails** or the **Queen's Inn Wine Bar & Beer Garden** are perfect places to do just that. Check ahead as both venues feature live music and other entertainment throughout the year.

Wineries of Madera County

A coastal mountain range to the west and the Sierra Nevada to the east, California's Central Valley is one of the most productive agricultural regions in the world. Small, yet mighty, Madera County ranks in the top twenty in the United States for total agricultural production. Here, winemaking was happening as early as the 19th century and Madera is designated as an American Viticulture Area.

Explore the wine country outside of Yosemite National Park.

WESTBROOK WINE FARM

Find highly celebrated and historic port wines, silky-smooth single-varietals and food-friendly table wines that delight the palate.

Each of the 11 wineries in this region shine with unique charm. Most are boutique wineries where travelers can engage in conversation with the winemaker. Their dedication to excellence, coupled with a focus on hospitality, make for a memorable wine tasting journey.

Discover historic varietals, outdoor spaces, rolling vineyards, dynamite reds and bubbly brunch bites.

Have you heard the "BUZZ" about these delicious wines?

GOLDEN CHAIN THEATRE:

A Legacy of Live Theatre in
 Yosemite's Southern Gateway

Live theatre takes center stage at the Golden Chain Theatre (GCT) in Oakhurst, a beloved institution founded in the late 1960s to celebrate the colorful era of 19th-century melodramas. GCT's first performance, W.H. Smith's classic "The Drunkard," set the tone for a tradition that has endured for over 50 years. Since moving to its permanent home in the former Snowline Bowling Alley in 1972, GCT has grown into a cornerstone of culture for both locals and visitors, presenting a range of captivating shows each season.

Recent years have featured an eclectic lineup including suspenseful dramas like "The Mousetrap" and "Silent Sky," crowd-pleasing comedies such as "Savannah Sipping Society" and Mel Brooks' award-winning show, "The Producers," and beloved musicals like "Mary Poppins" and "Shrek the Musical." Yet, GCT remains true to its roots, staging classic melodramas like "Here Come the Cows" and "Males Order Bride" each season.

For an unforgettable outdoor experience, join GCT on the Moonlight Melodrama train rides with the Yosemite Mountain Sugar Pine Railroad. This family-friendly evening under the stars brings a taste of theatrical adventure to the heart of the Sierra National Forest—combining history, humor, and nature for an experience like no other.

Madera County is wonderfully rich in history, culture, and natural beauty. These landscapes inspire a thriving community of artists, artisans, makers, and performers. From fine art to folk art, creativity is everywhere.

MADERA COUNTY ARTS COUNCIL

For over 40 years, the Madera County Arts Council (MCAC) has fostered a vibrant cultural community through exhibits, workshops, classes, and arts education. Its Circle Gallery in Madera showcases rotating works from local and regional artists and hosts signature events like **Celebrate Agriculture with the Arts**, a juried competition highlighting the region's agricultural heritage and creative excellence.

YOSEMITE GATEWAY ART CENTER & YOSEMITE SIERRA ARTISTS

Discover Oakhurst's vibrant art scene at the Yosemite Gateway Art Center—the region's creative hub for locals and visitors alike. Its galleries feature rotating exhibitions showcasing a diverse array of styles, mediums, and artists from across the region.

The center hosts exceptional exhibitions throughout the year, including the acclaimed Yosemite Renaissance traveling exhibition, along with many themed exhibits and artist showcases. The Art Center also offers classes and workshops, inviting participants of all skill levels to learn new techniques and explore their creative side.

Yosemite Sierra Artists (YSA) plays a major role in Oakhurst's artistic community. In addition to opening their new YSA Gallery in 2025, the group offers hands-on workshops, live artist demonstrations, and regular creative meetups such as the monthly Portrait Group, Plein Air Painting sessions, and other collaborative outings. These events provide welcoming spaces where artists and art lovers can create, learn, and connect year-round.

SIERRA ART TRAILS

2026 marks the 23rd year of Sierra Art Trails, one of the most anticipated ARTober events. This multi-weekend open studio tour features many regional artists working across a wide range of mediums. Painters, photographers, mixed-media artists, sculptors, woodworkers, and jewelers open their studios for an up-close look at their process and inspiration.

This once-a-year journey winds through Eastern Madera and Mariposa Counties, creating an artistic road trip celebrating creativity throughout the Sierra foothills.

OAKHURST, CALIFORNIA - THE CARVED BEAR CAPITAL OF THE WORLD™.

Visitors can explore the Carved Bear Trail (map coming summer of 2026), a fun self-guided route featuring dozens of hand-carved wooden bears, from the small to the humongous, tucked outside hotels, shops, restaurants, galleries, and public spaces. These whimsical sculptures reflect the charm and craftsmanship that make Oakhurst's art scene so memorable.

OAKHURST ART & WINE HOP

From May through October, Oakhurst hosts the Oakhurst Art & Wine Hop on the third Thursday of each month. Galleries, studios, boutiques, and tasting rooms welcome guests for artist meet-and-greets, wine (and sometimes other adult beverage) tastings, and live music.

To get around, the Oakhurst Trolley route runs a special route exclusively for the Art & Wine Hop, making it easy (and free) for guests to "hop" between venues and explore Oakhurst's creative scene at a relaxed pace.

ARTOBER IN OAKHURST

Each October, Oakhurst celebrates ARTober—a month-long spotlight on local creativity, community, and culture. Events include gallery receptions, workshops, theater performances, harvest festivals, and the ever-popular ARTober Bear Treasure Hunt, where ART the Bear appears at a new location every day.

EXPLORE THE

Magic of Winter

in Yosemite and its Southern Gateway

Winter in the mountains is truly a special time!

Some come for quiet, some for the beauty, others to experience some of the unique fun of the season.

This season sees fewer visitors than any other time of year, thus making your journey feel like a more private and personal experience.

Imagine scenes of granite monoliths encased in ice crystals towering above snow covered meadows. Waterfalls, newly revived with the season's welcome rains, send mist into nearby forests, frosting the trees with ice, creating a winter wonderland many can only dream of seeing.

Winter is a perfect season to capture images, both grand and intimate, of Yosemite's beauty.

DEWEY POINT • YOSEMITE NATIONAL PARK • LASTING ADVENTURES

Winter Fun comes in many forms, from classic activities to some that are adventurous and off the beaten path.

Here are just a few of our favorites:

Badger Pass Ski Area

Winter sports have a long history in Yosemite with skiing, snowboarding, snowshoeing, tubing, and cross-country skiing are all in the mix. If you are new to winter sports or want to sharpen your skills, sign up for a class.

Goat Meadow Snow Play Area

Located in Fish Camp just outside the south gate to Yosemite. Head here for a day of sledding and snow-play fun with family and friends.

Yosemite Adventure Company

Take an adventurous tour up into the mountains of the Sierra National Forest and enjoy sites few have the opportunity or means to access in the winter months.

Ice Skating

A family favorite activity. There are now three locales to enjoy strapping on some skates, gliding across the ice (both real and synthetic*) and warming up with hot cocoa:

- **Tenaya at Yosemite** - Located near the southern entrance to Yosemite National Park
- **Curry Village** - Located in Yosemite Valley
- **The Pines Resort*** - Located in the Pines Village at Bass Lake (Glice rink)
- **Chukchansi Gold Resort & Casino** - Coarsegold

After a day of fun and adventure, retire to beautiful snow-dusted Bass Lake. Snuggle up with a steamy beverage next to a crackling fire in your own lakeside suite or chalet at The Pines Resort, Miller's Landing Resort or one of the many vacation home rentals around the lake.

Come experience the magic that is winter here! YosemiteThisYear.com/winter-fun

Celebrating Local Native Cultures

Yosemite and its Southern Gateway have been home to Native Peoples for many thousands of years. They lived then, as now, as part and caretakers of the lands they call their home.

Sierra Mono Indian Fair Days & Pow Wow

NORTH FORK RANCHERIA OF THE MONO INDIANS

Soaproot Brush

The North Fork Mono are among the original inhabitants of the foothills of the San Joaquin Valley and Sierra Mountains. North Fork Mono society has traditionally consisted of two clans represented by the golden eagle and the coyote. The animals stand guard at the Sierra Mono Museum and Cultural Center over the many displays of traditional Mono life. The way of life for the Mono is exhibited through fishing, hunting, acorn gathering, cooking, healing, basket making, games and ceremonies at the Sierra Mono Museum and Cultural Center.

Historic Scene of Tribal Life

PICAYUNE RANCHERIA OF THE CHUKCHANSI INDIANS

Chukchansi Pow Wow

The Picayune Rancheria of the Chukchansi Indians is affiliated to Chukchansi Yokuts culture. Chukchansi Yokuts are indigenous to Central California where they have inhabited areas of the San Joaquin Valley and Sierra Nevada foothills for more than 12,000 years. Many Chukchansi still live in these foothills about 30 miles north of Fresno; the headquarters of the tribe, Picayune Rancheria, is located there today. Chukchansi is the language spoken regionally, in which anthropologists have classified an estimated 60 tribes together as Yokuts - meaning people. Hence, Chukchansi Yokuts. These tribes all have similar culture and customs but have had different dialects throughout history.

Yosemite Indian Village

YOSEMITE INDIAN VILLAGE OF AHWAHNEE

This reconstructed village is located on the former site of the largest Indian village in Yosemite Valley. The bark houses, ceremonial roundhouse, sweathouse, pounding rocks, cabin, acorn granaries, and chief's house are representative of the structures found in a Sierra Nevada Miwok village of the late nineteenth century. Today the village is still actively used by members of the local American Indian community for ceremonies and special gatherings.

The word "Miwok" is also spelled "Miwuk" or "Me-Wuk." Translated as "people" or "Indian people," it is used to identify persons who are descended from any one of the several different Miwok groups in California.

EXPERIENCE MORE NATIVE HERITAGE AND CULTURE

You can discover even more places in Madera County to connect with our rich Native culture. Don't miss the California Native American Exhibit at the Fossil Discovery Center, the Coarsegold Historic Museum, the Wassama Round House State Historic Park, and the Fresno Flats Historic Village and Park. Finding Ways to Wellness *Get out there!*

No journey to Yosemite National Park and Madera County would be complete without spending time outdoors - no matter the season. Boost your energy, reduce your stress, build your fitness level.

Recommendations for Finding Peace in Nature

-  **Walk in the forest** – Hiking trails abound in Madera County and Yosemite National Park, including many that take you away from civilization so you can reconnect with the earth and your spirit.
-  **Swim in a lake** – Take a dip in a sun-warmed lake, such as Bass Lake, or brave the colder temps of Tenaya Lake in Yosemite's high country. Kayak, do paddleboard yoga or sun yourself on the shore to boost your vitamin D.
-  **Eat organically, from fruits and vegetables in season** – Purchase locally-grown items from our farmers' markets or dine at restaurants featuring locally sourced products on their menus, prepared lovingly for you. As a special treat, sign up for culinary classes at The Elderberry House Restaurant.
-  **Perform yoga or tai chi atop a granite dome or near a meadow** – Limber up with gentle movements made even more refreshing being accomplished outdoors in the open air.
-  **Meditate outdoors** – Reduce stress and improve your mood by quieting your mind in meditation outdoors. Get in touch with your Higher Self and let your mind wander amid vibrant wildflowers and giant trees.

Spa, Massage, and Classes

Many visitors to the Yosemite region look to the mountains as part of their wellness journey.

Visit 3 of California's most stunning national parks in as little as 3 days!

BIG TREES TRAIL SUNNY GIANT SEQUOIAS SEQUOIA NATIONAL PARK • DANIEL CHUI

Sequoia • Kings Canyon • Yosemite

DAY 1

Sequoia National Park

Start your journey with a scenic drive to Sequoia National Park from Visalia (Highway 99 and Highway 198). See the Giant Forest Museum, Tunnel Log, Moro Rock, and the largest tree in the world... the General Sherman Tree. You can also venture underground in the Crystal Cave. Stay the night in the welcoming town of Visalia. Make sure to experience farm-to-table restaurants in their quaint downtown.

DAY 2

Kings Canyon National Park

See the General Grant Tree, Panoramic Point, Big Stump Trail, Roaring River Falls, and The Road's End. After your visit, head north and stay overnight near the south entrance of Yosemite in the southern gateway town of Oakhurst. To get there, take Highway 180 from Kings Canyon to Fresno then head north on Highway 41 (about a two-hour journey).

BUENA VISTA PEAK • KINGS CANYON NATIONAL PARK • DANIEL CHUI

COVER PHOTO

Glacier Point Geology Hut

Photographer Darvin Atkeson
Yosemite Landscapes

I setup to watch the sunset from a small area atop a boulder behind the Geology Hut located at Glacier Point. This little stone hut allows you to enter from either side and provides great views of Half Dome and the Eastern Sierra range while also providing some protection from the wind and rain. It's a favorite spot to view one of Yosemite's most famous monoliths, appropriately named Half Dome. The sunsets here are spectacular no matter what day you visit and it's a short walk out to Glacier Point. It is a must visit with a great vista should you stop to see Glacier Point.
