COVER PHOTO Yosemite Falls & Half Dome

Photographer
Nancy Robbins

What started out as a few late night hours photographing with friends turned into a twenty hour marathon up and down the Upper Yosemite Fall trail. The views were spectacular, the memories even better. When looking at the photograph, I am reminded that my best results are captured when going with the moment. And I didn't even have to get out of bed to catch the sunrise; I was already up.

IN A DAY *or more*

TUNNEL VIEW • STEVE MONTALTO/HIGHMOUNTAIN IMAGES

You'll need to get an early start if you want to pack all these great sights into **ONE DAY!**

We highly recommend spending more time in the park, but if you are limited to only one day, here is our list of must-see highlights.

DAY 1 (Yosemite Valley)

STOP 1 **Glacier Point** (Open Seasonally)
Make your way up to Glacier Point via Glacier Point Road. At 3,000 feet above the valley floor, this grand vista offers a bird's-eye view of Yosemite Valley, many of the valley's waterfalls, and massive granite peaks of Yosemite's high country.

STOP 2 **Tunnel View and Bridalveil Fall**
Enjoy views of of Bridalveil Fall, Half Dome, Clouds Rest and El Capitan. From Tunnel View head toward Yosemite Valley. You will see a sign for Bridalveil Fall on your right. Enjoy an easy ¼ mile walk to the base of the waterfall (be prepared to get a little wet in the springtime).

STOP 3 **Yosemite Chapel**
The Yosemite Chapel is the oldest building still in continuous use in Yosemite Valley. Dating back to 1879, the chapel offers both a history lesson and a spectacular view of Yosemite Falls. It's also a fantastic location to capture fall photos.

STOP 4 **Sentinel Bridge**
Continue on Southside Drive and follow the signs to turn left over Sentinel Bridge. You can park at Shuttle Stop 11. After taking in views of Yosemite Falls across Cooks Meadow, walk back to the middle of the bridge for the perfect selfie spot featuring a view of Half Dome over the Merced River.

STOP 5 **Yosemite Valley, Valley Loop Trail & Yosemite Falls**

Follow the signs for the Day Use parking area. If it is time for lunch, step into Degnan's Deli for a tasty sandwich. We suggest taking it to-go and making the short walk to Lower Yosemite Fall. There, you can enjoy your lunch while gazing at the magnificent 2,425 foot waterfall. From the lower fall, head out on the Valley Loop Trail and meander your way through the valley enjoying views of Half Dome, El Capitan, and the Merced River from different angles. In addition, enjoy lush meadows, wildflowers, and a possible deer or coyote sighting. Looking for an easy way to get around the Valley? Hop on the free Yosemite Valley Shuttle. (See map on page 6/7)

STOP 6 **Curry Village** (Open Seasonally)
Work your way back to Curry Village to enjoy a tasty fresh-baked pizza on the Pizza Deck. If you're in the mood for something more refined, hop back on the Yosemite Valley Shuttle and head over to The Ahwahnee for dinner. If you have a little extra time, stop in at the Ansel Adams Gallery, Indian Museum and the Valley Visitor Center before you depart.

GLACIER POINT SELFIE • YVMC/BRAND USA
YosemiteThisYear.com | info@yosemitethisyear.com

DAY 2 (Highway 41)

STOP 1 Mariposa Grove
Stand among some of the world's oldest and largest trees in Mariposa Grove. With its newly completed multi-year restoration, Mariposa Grove is home to several hundred mature Giant Sequoias and is the largest grove in Yosemite.

STOP 2 Wawona
Located about 10 minutes inside the south gate to Yosemite, step back in time in historic Wawona. Explore picturesque sites such as the Pioneer Yosemite History Center, the Wawona Hotel and the Wawona Covered Bridge.

STOP 3 Chilnualna Falls
Take a less-traveled hike to enjoy some of the lower cascades of Chilnualna Falls or plan for a full day of hiking and complete the entire trail. (8.4 miles /13.5 kilometers).

VERNAL FALL • VYMC

OTHER RECOMMENDED STOPS

Hetch Hetchy

Hetch Hetchy Valley and Reservoir is located in the northeast corner of the park; it's roughly a 1½ hour drive from Yosemite Valley. Dubbed by John Muir as a "wonderfully exact counterpart" to Yosemite Valley. This gorgeous water-filled valley, boasts fewer visitors, beautiful scenery and one of the park's longest hiking seasons.

MARIPOSA GROVE OF GIANT SEQUOIAS • VYMC
YosemiteThisYear.com | info@yosemitethisyear.com

DAY 3 (Highway 120 East)

STOP 1 Tuolumne Grove
Park at the grove trailhead and take a short 1¼ mile hike along Old Big Oak Flat Road through a shaded forest. Here you can find around two dozen mature Giant Sequoias. Plan for 1½ to 2 hours of hiking.

STOP 2 Olmsted Point
Enjoy amazing views that showcase how glaciers shaped this part of Yosemite as you look down Tenaya Canyon toward Yosemite Valley. Clouds Rest and a unique view of Half Dome are key features toward the south with Tenaya Lake viewed toward the northeast.

STOP 3 Tenaya Lake
The views around this alpine lake are spectacular and it's a popular location to enjoy a picnic, do some kayaking, swimming or fishing. You can also choose to just lay back and enjoy the sunshine.

STOP 4 Tuolumne Meadows
Just 6½ miles from Tenaya Lake is one of the largest high-elevation meadows in the Sierra. Stop by the Visitor Center, take a short hike to the Parson Memorial Lodge or simply enjoy the changing light on the meadow, the Tuolumne River, and the many unique geologic features of the area like Lambert Dome, Unicorn and Cathedral Peaks.

Bass Lake

Bass Lake sits in the perfect location. It is just 17 miles from the southern gate of Yosemite National Park and 7 miles from the park's largest gateway community of Oakhurst. Its pristine waters and sandy shores are nestled among the tall cedars and pines at an elevation of 3,415 feet. It all comes together to create the perfect spring break, summer getaway, fall romantic adventure, or winter escape.

A year-round vacation destination, Bass Lake was named one of the "West's Best Lakes" by Sunset Magazine and has been a popular tourist destination since the 1930s. The lake is renowned for excellent water activities, mountain bike trails, hiking, fishing, shopping and lakeside dining.

With summer water temps reaching 80 degrees, Bass Lake is the perfect place to splash around during the warmer months. Relax on a sandy beach with a book, have a family picnic at one of the many day-use areas, or enjoy an array of water sports from swimming, paddleboarding, kayaking to motor-boating.

Bring your toys and launch your own boat from one of two public boat launches, or rent a fully-equipped boat from any of the three full-service marinas. Want to learn a new skill? Ask about water-skiing or wakeboarding lessons. You can even start your day with a little more

PADDLEBOARDING ON BASS LAKE • VYMC

balance by joining a morning paddleboard yoga session at Miller Landing Resort.

On-water activities are not the only thing Bass Lake is known for. With the Sierra National Forest's 1.3 million acres as a backyard, the lake is a great jumping off point for all adventures both big and small. Hike or mountain bike on the many trails, or take an off-road adventure into the heart of the Sierra (check out the Sierra Vista Scenic Byway on page 18).

There is a lot to love about Bass Lake and to be honest, there's too much to capture it all here. To help with that, download our handy digital Microguide that outlines the 30 Things We Love About Bass Lake (see page 13).

Sierra Vista Scenic Byway

With nearly 100 miles of road winding through the beautiful Sierra National Forest, you'll enjoy thick wooded forests, meadows overflowing with wildflowers, breathtaking panoramic vistas and unique rock formations, all right in the heart of California!

The Scenic Byway packs in one stunning view after the next. Get an early start so you'll have plenty of time to stop and enjoy the sights.

Your journey starts at a little over 3,300 feet above sea level, makes your way past historic cabins, stands of Giant Sequoias and iconic landmarks as you climb to over 7,300 feet.

FRESNO DOME • VYMC

NELDER GROVE • VYMC

There are many sights to see along the Byway - here just a few that we recommend you take in:

Nelder Grove

Almost everyone knows of Yosemite National Park's famous groves of Giant Sequoias, but did you know that tucked away nearby in the Sierra National Forest is a 1,540-acre home to 100 of these wonderful giants. With hiking trails, historic cabins and an interpretive center, Nelder Grove is both a natural wonder and a unique window into the pioneer history of the area. You can make it a brief stop on your journey or spend a whole day exploring and enjoying the beauty here.

Globe Rock

Formed in-place by natural erosion, this large (over 15 tons), nearly spherical rock makes for a unique photo opportunity along the Byway. In fact, former President Theodore Roosevelt was photographed here.

Mile High Curve / Mile High Vista

Enjoy the spectacular view looking out over rugged mountain peaks and the Mammoth Pool Reservoir.

Beasore, Cold Spring and Jackass Meadows

Come in late spring or early summer, to see these meadows bursting with flowers!

Fresno Dome

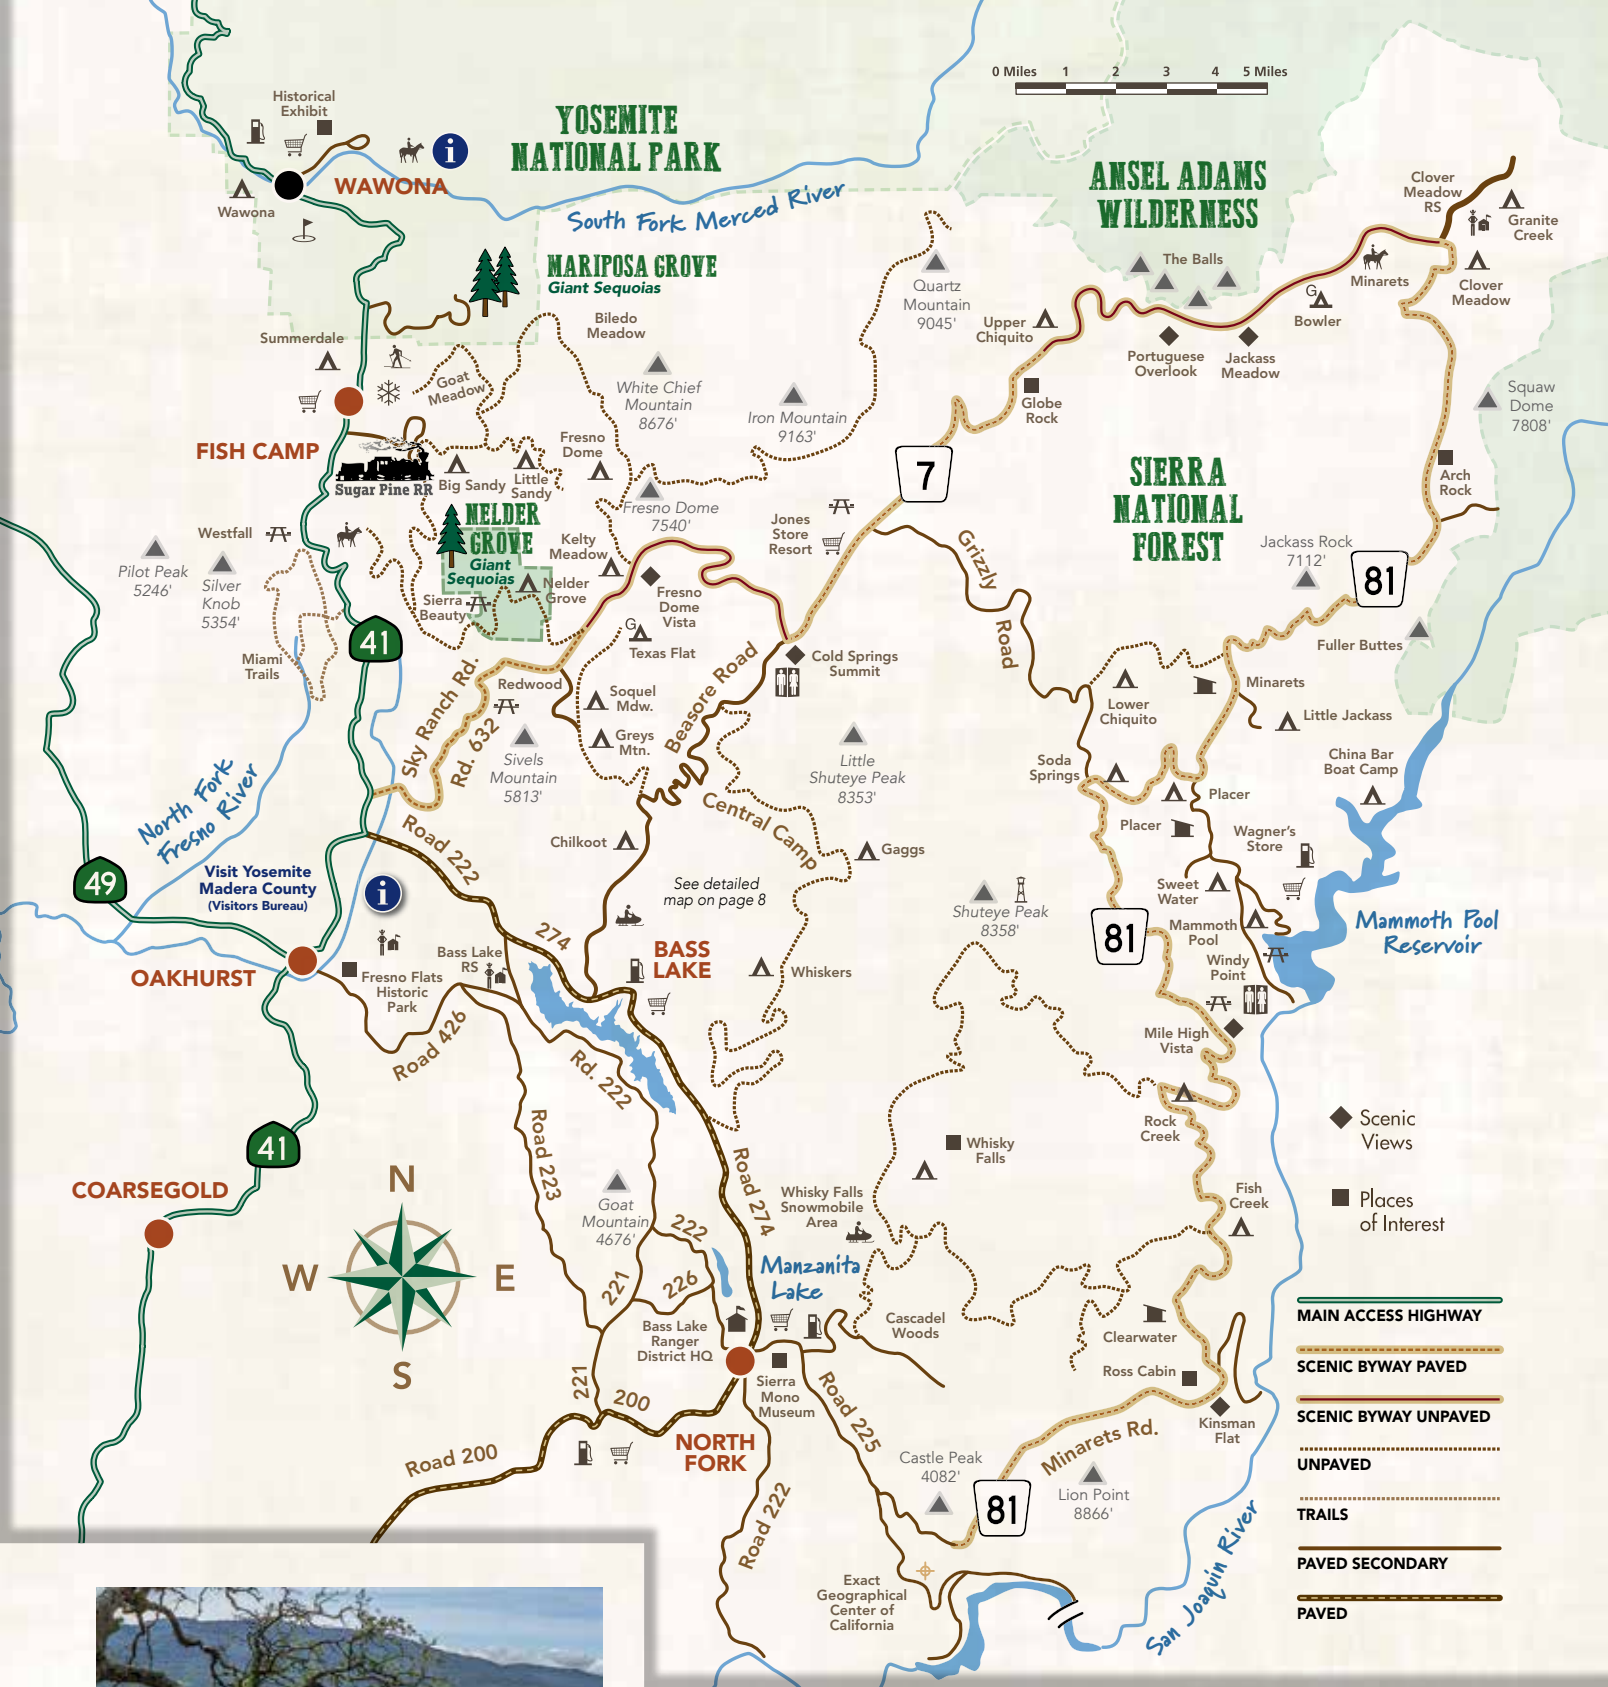

Take the short hike to the top of Fresno Dome to enjoy beautiful panoramic views of the Sierra National Forest. It was atop this isolated granite dome that John Muir was able to locate Nelder Grove.

Jones Store

This family-run business has a history going back nearly a century! Stop for a burger and a slice of freshly-baked pie (with a heaping helping of ice cream). Be sure to bring cash (no credit cards accepted) and arrive early as they serve until they run out. Make your way back to Bass Lake and relax for the evening.

Pet Friendly ROAD TRIP

From siteseeing in Yosemite to hiking the many trails in the Sierra National Forest there are many opportunities to include your canine family members in your adventures through Yosemite's Southern Gateway.

YOSEMITE - Many ask "Is Yosemite dog friendly?" The answer is yes but with some important restrictions. In general, dogs are allowed in developed, fully paved areas. They are allowed in most of the campsites as well (with the exception of walk-ins, like Camp 4). They are not, however, allowed on unpaved trails, in Yosemite's lodging or dining facilities, or shuttle buses. Dogs must be attended and on leashes at all times or restrained in something like a kennel. Want to bring your pet along to see the sites? There's more than just riding shotgun as you tour the many roads throughout the park, here are some sites and hikes we recommend:

- **Tunnel View** - one of the most famous views in the park. A great place for a canine inspired selfie.
- **Waterfalls** - the trails to Bridalveil and Lower Yosemite Fall bring you to viewing areas close to the base of these two valley waterfall landmarks.
- **Glacier Point** - a highly recommended destination with stunning views of the park high above Yosemite Valley.
- **Mirror Lake Trail** - a short paved trail on the east end of Yosemite Valley that offers great close-up views of Half Dome, Washington Column and Mount Watkins.
- **Cooks Meadow Loop Trail** - right in the heart of Yosemite Valley a walk along the Cooks Meadow Loop trail delivers amazing views of Yosemite Falls, Half Dome, Glacier Point, and Sentinel Rock.
- **The Wawona Meadow Loop Trail** - this 3.5-mile path loops around scenic Wawona Meadow.

CAMP & DIESEL IN YOSEMITE • BREEZE TURNER

BASS LAKE If you are thinking of a pet-friendly place to explore and play, you couldn't do better than Bass Lake. You can rent a boat and take Fido for a tour of the lake, practice your two and four-legged balance on a paddleboard, or hit the many trails around the lake for a hike (both short and long options are available). All that fun needs some fuel. Stop at The Forks or at Miller's Landing where you can treat your pup to one of a few tasty treats from their Pet Menu or enjoy patio dining with your pup at Casa Velasco, all year round.

Looking for more ideas?

Hop a train. The Yosemite Mountain Sugar Pine Railroad has welcomed four and two-legged ticket holders on a 4-mile steam-powered journey into the region's past. Good news, dogs ride for free!

Hiking

By **Judi Hussain**

SHUTEYE PEAK • VYMC

With the popularity of Yosemite in summer, here are some of my favorite spots to enjoy a more peaceful experience inside and outside the park.

MARIPOSA GROVE OF GIANT SEQUOIAS • VYMC

Yosemite/Mariposa Grove

Mariposa Grove of Giant Sequoias is one of my favorite hikes. For those with limited hiking ability or accessibility needs, the Big Trees Loop requires minimal effort at .3 mile and no elevation gain. A two-mile round-trip leads to the Grizzly Giant and the California Tunnel Tree. Venture out on your own and hike to Wawona Point or spots in between, such as the Upper Grove cabin or the Telescope Tree. During the park's busiest month, we encountered no more than twenty people beyond the Griz.

Tioga Road/Tenaya Lake /Tuolumne Meadows

For me, Tioga's high country constitutes the most beautiful region of Yosemite. Open when snow melts and not as visited as other areas, hikers find magnificence in abundance. Wildflowers display their beauty into August and September. Hikes begin at 6,000 feet elevation and rise to 13,050 feet at Mt. Dana's summit, for fit, acclimated hikers. Easy strolls include a three-mile loop around Tenaya Lake with almost no one around beyond picnic areas. Plan for all day, with expansive views as your reward.

Sierra National Forest/Sierra Vista Scenic Byway

Wildflower Meadows

In late spring or summer, I love to travel Beasore Road up the Sierra Vista Scenic Byway. Masses of flowers in riotous bloom, from asters to yarrow, line Cold Springs Meadow which is easily accessible up to barbed-wire fencing, no hiking required. After that make your way to Jones Store, an old cattle stop owned by the same family for generations, famous for hamburgers and pie.

Head to Biledo Meadow, buried deep in Sierra National Forest. You'll spot flora nourished by still-flowing creeks to head-high growth. Several approaches include an eight-mile hike or a long drive up Sky Ranch Road where a high clearance vehicle, 4WD or AWD, and a strong back are essential. This area is historic as well as beautiful. Stay off meadows, pack-in, pack-out and leave the area pristine. Ask for directions.

BILED0 MEADOW • VYMC

Shuteye Peak

This is Adventure (with a capital A)—just to reach the trailhead. High-clearance vehicles are a must, as is a good map of the area. You'll have to park some distance from the actual trailhead when the road becomes too rough, but it's worth the effort. It's a geologist's paradise with rock formations that take your breath away via a rough forest road to the fire lookout tower. In late August, we drove almost the entire Sierra Vista Scenic Byway before hiking. We'd expected to hit the trail before 3:30 pm. Having come this far, we weren't going to forego the journey, so we stumbled through a downhill trudge over rocks and exfoliated granite in the dark. The sunset along the way, one of the most stunning ever, made the hazards worthwhile. We arrived home after midnight, after six miles of pure bliss and solitude.

Wine & California ...

is pretty much a perfect pairing and one that is recognized worldwide. While some regions in the state may be larger and arguably more recognized, winemaking in California got its foothold in Madera County in the late 1800s, as settlers brought old-world winemaking talents with them as they came to seek new lives here. Their efforts were a success with Madera wines being desired and shipped to many places around the globe. Unfortunately, prohibition adversely impacted much of that local industry, but it was not the end of the story with new wineries emerging in the 1930s.

So what makes Madera special?

This region, bounded by the San Joaquin River and the Sierra Nevada mountains creates a favorable and unique micro-climate. This in combination with warm summer temperatures and a mix of soil types yields a region of distinctive and productive properties, one that was recognized and designated as an American Viticultural Area in 1985.

Today, not only can you experience a variety of wines, from world-renowned dessert wines and ports to award winning, food-friendly, single-variety and blended wines along the Madera Wine Trail, but often get to spend time with the owners and wine makers themselves. The wineries are family-run and often located in the vineyards where the grapes are grown. Their focus on excellence coupled with a warm and engaging personal touch shines through.

The Madera Vintners Association invites you to come and experience the wines, wineries and the hospitality of a region rich in winemaking history that is the Madera Wine Trail.

EXPLORE THE

Magic of Winter

in Yosemite and its Southern Gateway

Winter in the mountains is truly a special time!

Some come for quiet, others for the beauty or to experience some of the unique fun of the season.

The quiet. That's because this season sees less visitors than any other time of year, thus making your journey feel like a more private and personal experience.

The beauty. Imagine scenes of granite monoliths encased in ice crystals towering above snow covered meadows. Waterfalls, newly revived with the season's welcome rains, send mist into nearby forests, frosting the trees with ice, creating a winter wonderland many only dream of seeing.

Winter is also a photographer's dream in Yosemite.

Come experience the magic that is winter here!

CROSS COUNTRY SKIING FROM BADGER PASS • JAIME PIROZZI • LOCAL FRESHIES

Winter Fun comes in many forms from classic activities to some pretty adventurous and off the beaten paths. Here's just a few of our favorites:

Badger Pass

Be part of the long history of winter sports in Yosemite. Skiing, snowboarding, snowshoeing, tubing, and cross country skiing are all in the mix here. And... if you are new to winter sports or want to sharpen your skills, sign up for a class.

Yosemite Snow Play Area

Located in Fish Camp just outside the south gate to Yosemite. Head here for a day of sledding with family and friends.

Sierra Nevada Motorsports

Take an adventurous tour into the Sierra National Forest and enjoy sites few have the opportunity or means to access in the winter months.

Ice Skating

A family favorite activity. There are two locales where you can enjoy strapping on some skates, gliding across the ice, and warming hot cocoa.

- **Tenaya Lodge at Yosemite** - Located near the southern entrance to Yosemite National Park.
- **Curry Village** - Located in Yosemite Valley

After a day of fun and adventure, retire to beautiful snow-dusted Bass Lake. Snuggle up with a steamy beverage next to a crackling fire in your own lakeside suite or chalet at The Pines Resort, Miller's Landing Resort or one of the many vacation home rentals around the lake.

MY*TRI BASS LAKE • VYMC

Sporting Events

Adventures in Yosemite's Southern Gateway come in all sizes and styles, and if you prefer yours to be of the athletic variety, we've got you covered! From wrangling bulls to racking up the miles, there are plenty of ways to satisfy your competitive drive.

For endurance athletes, the year starts off in May with the popular Yosemite Half Marathon. A scenic, mostly downhill course through the Sierra National Forest ending at the shores of beautiful Bass Lake. Runners often make it a full weekend of adventure with epic hikes in Yosemite, the Sierra Vista Scenic Byway and Bass Lake.

YosemiteHalfMarathon.com

Both a fan and competitor favorite, the Bass Lake Yosemite Triathlon has been drawing multi-sport athletes to the foothills since the early 1980s. The event was resurrected in 2011 and celebrates its tenth year in 2020. It offers both Olympic and Sprint distance courses on and around Bass Lake. Want something shorter and with a fun twist? The Bass Lake 5K Poker Run & Go Fish Run could be just the ticket.

BassLakeTri.com

Younger multi-sport athletes also get to play at Bass Lake during the My*Tri Youth Triathlon. Hosted by Miller's Landing Resort, the MY*Tri is a super-fun event in early September that is open to kids 5-17 years of age.

MyTriBassLake.com

Rounding out the competitive running opportunities on the calendar are two fall events, the new Tesoro Viejo Fall Classic Half Marathon (2019 was its inaugural year) and the long time local favorite, the Smokey Bear Run/Walk at Bass Lake.

RunFallClassic.com and SmokeyBearRun.com

COARSEGOLD RODEO • STEVE MONTALTO/HIGHMOUNTAIN IMAGES

For folks who prefer to pedal as opposed to run, there is the fall classic cycling event, The Grizzly Century. This event offers a variety of courses on roads (and now on dirt too) in the heart of the Sierra Nevada. From a relatively easy 24 mile course that loops Bass Lake to a challenging 100 mile long "The Griz" ride on the roads of the Sierra Vista Scenic Byway.

GrizzlyCentury.org

For a change of pace, dust off your boots and come experience the excitement of rodeo at the Coarsegold Rodeo Grounds. The grounds host two main events each year, the Coarsegold Rodeo (spring) and the Coarsegold Stampede PRCA Rodeo (fall). Fans are treated to a variety of events including Mutton Bustin' and the Michael Steen Exceptional Kids Rodeo, and the pageantry of Rodeo Royalty. All of this is topped off with the excitement of Pro Rodeo competitions. The rodeos are truly fun for the whole family.

CgRodeoGrounds.com

Anglers also get to challenge each other for bragging rights for the "Big Ones" at the Bass Lake Fishing Derby each May. The weekend-long event brings folks from all over the area to come enjoy the beauty of the lake in mid-spring while attempting to catch their share of over \$55,000 dollars of tagged, prize fish. Bass Lake is not the only place for fishermen to go reel-to-reel. Both Eastman and Millerton Lakes are active sites for regional competitions throughout each fishing season.

THE GREAT GATSBY • GOLDEN CHAIN THEATRE

Performing Arts

For live theatrical performances, The Golden Chain Theatre (GCT) is the place to visit. The GCT annually produces seasons with a diverse line-up of musicals, dramas and comedy productions. Recent years have seen musical favorites such as "Godspell", "Fiddler On The Roof", "Little Women, The Musical", "Oklahoma", "Oliver" and a recent original production of "Peter Pan" performed on their stage. Complementing these productions have been comedies such as Neil Simon's "The Odd Couple, Female Edition" and the hilarious as well as touching "Savannah Sipping Society". Critical dramas such as "Angel Street", "Mousetrap" and "Steel Magnolias" have also graced the stage. This talented community theater hasn't forgotten its roots. The theatre was established as a tourist attraction, presenting historical melodramas from the late 1800s and early 1900s. These campy classics, such as "A Woman in White" and "Here Come the Cows" still grace the GCT stage, complete with live piano accompaniment and all the audience interaction that help put the DRAMA into melodrama.

GoldenChainTheatre.org

Like the other arts, musical talent runs deep in the region.

At many times during the year, you can enjoy live music hosted at venues throughout the area. Both one-off events and regular musical series feature a range of local, regional and national performers and music from a wide range of genres. There's much to choose from and enjoy.

Here are a few of our favorite concert series:

- **Music By The River Concert Series** - Queens Inn Wine Bar & Beer Garden
- **Sierra Meadows Indoor Concert Series**
- **Bass Lake LIVE Summer Concert Series** - The Pines Resort, Bass Lake
- **Fasi Estate Winery Concert Series** (Spring, Summer & Fall editions)

Art and the Arts in Madera County

Madera County is wonderfully rich in history and as well as natural beauty. These features have drawn many to the area, including a thriving and growing community of artists, artisans and crafts people. From fine art to performing art, you can find and enjoy it here.

SIERRA ART TRAILS • VYMC

THE MADERA COUNTY ARTS COUNCIL

(MCAC) has over a 30-year history of providing county residents and visitors access to art and culture through many diverse programs and services. MCAC works to stimulate and support local arts groups and individual artists within the County and hosts several exhibits at the Council-run Circle Gallery in the city of Madera. Among their many initiatives is the annual "Celebrate Agriculture with the Arts" program. Drawing participants from throughout the region, it is a signature exhibit and competition that showcases the breadth of artistic talent while celebrating the role that agriculture plays both economically and culturally.

MaderaArts.org

ARTOBER IN OAKHURST

Oakhurst is located just 16 miles south of Yosemite National Park's southern entrance and is the largest of the park's gateway communities. In addition to this distinction it has what is believed to be one of the largest number of artists, per capita, in the United States. Every ARTober (aka October) many of these artists come together to take part in a month-long celebration of all things art. From artist demos, exhibits and special events to the ART the Bear carved-bear treasure hunt, it's a fun and artful way to celebrate the creative side of life.

ARTober.net

SIERRA ART TRAILS

A cornerstone ARTober event is the Sierra Art Trails Open Studio Tour. This three-day event, which will celebrate its sixteenth year in 2020, brings together over one hundred local and regional artists working in a wide array of media. A shortlist (very short) includes photography, painting, pastels and ceramics to printmaking, sculpture, woodworking and leathercraft. Seeing an abundance of wonderful art is great, but the best part may be spending time with artists, often at their home studios where the magic itself happens. The trail is a special, once-a-year journey, an artistic road trip, throughout Eastern Madera and Mariposa Counties, one that is a wonderful celebration of art in the region, both for artists and art lovers alike.

5 Amazing Reasons to relocate to Madera County

1. Yosemite National Park and beautiful Bass Lake make a scenic commute to and from your daily life.
2. In the mountain communities, you are "Above the Fog and Below the Snow", with a cooler summer climate than the San Joaquin Valley and beautiful, drivable winters.
3. Your daily activities could include fishing, hiking, biking, horseback riding, off-roading, water sports, snow sports, rodeos, shopping, wine tasting, art, theatre, museums, music, exploring, festivals, and so much more.
4. Our small communities support each other and work together to create and maintain flourishing businesses and lifelong friendships.
5. Madera County is located in the center of California so reaching most major cities is within an easy 4-hour drive.

The beauty, lifestyle and opportunities here have called many to make the foothills not just their place to play, but also where they now raise their families and run their businesses. Don't just take our word for it, here's what a few local business owners and families say about their relocations:

"We love our small town of Oakhurst. We always knew we wanted a business in a small town where we could help out our community that gives so much to us. There are so many events that we love to participate in, Yosemite High School FFA event, Yosemite High School Nite on the Town, Oakhurst Tree Auction and many events put on by our wonderful service clubs in the area. There is always something happening. We also feel so fortunate to live in this great town that has a wonderful theatre that we love taking our kids to watch a play or go out for a date night. We are so happy to call Oakhurst our home."

Jessica & Brandon Steele - Grocery Outlet

"Moving our business to Eastern Madera County was the best business move we could have made. Madera County was easy to work with and made the business process enjoyable. Our kids are thriving in school, the community is warm and welcoming and we've made some amazing friends. We love it here and are happy to call it home."

**Casey & Lindsay Hawkins -
South Gate Brewing Company**

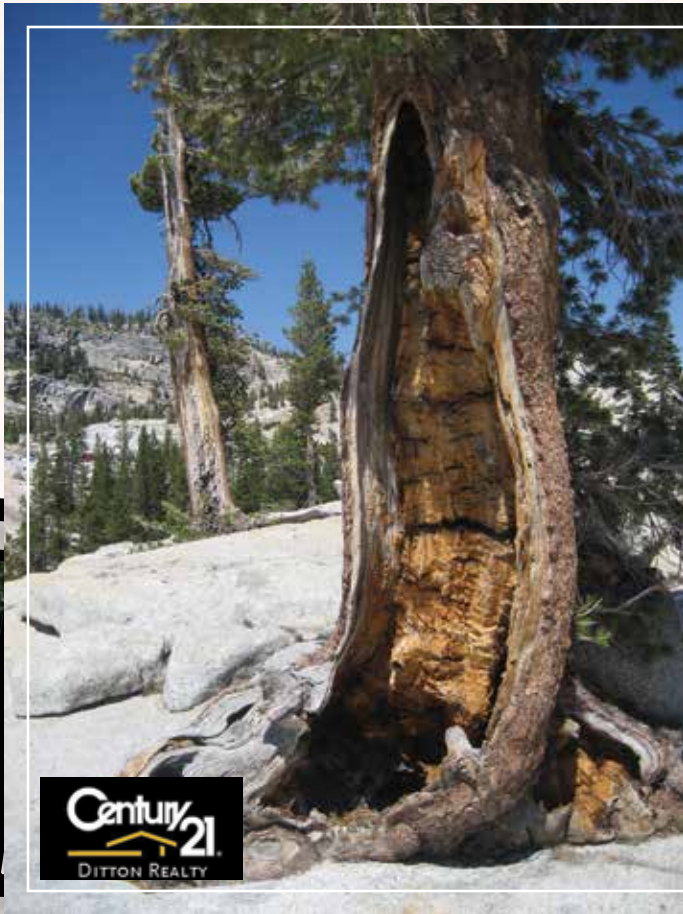

"We couldn't be happier raising our family here and starting two businesses. With one geared towards locals and the other to tourists - our mountains have so much opportunity for creative entrepreneurs!"

**Kristina Tracy -
Sierra Nevada Motorsports**
